

Prof GD Yadav, FNAE, National Science Chair, Govt. of India and Emeritus Professor of Eminence, ICT and JC Bose National Fellow, Institute of Chemical Technology, Mumbai, Former Vice Chancellor & R.T. Mody Distinguished Professor, Institute of Chemical Technology; Former Tata Chemicals Darbari Seth Distinguished Professor of Leadership and Innovation; Conjoint Professor, University of New Castle, Australia; Adjunct Professor, RMIT University, Australia and Adjunct Professor, University of Saskatchewan, Canada has been approved for the conferment of the award of CSIR Bhatnagar Fellowship for the year 2024 by the Council of Scientific and Industrial Research (CSIR) in recognition of his outstanding work in science and technology.

Prof GD Yadav was elected as a Fellow of Indian National Academy of Engineering (INAE) in 2017 and is affiliated to INAE Engineering Section IV (Chemical Engineering). He is a Member of the INAE Governing Council since 2023. Prof Yadav has made significant contributions to the technical activities and programs of INAE including delivering an impactful Plenary Talk on “Green Hydrogen” during the INAE Annual Convention 2023 in December 2023 at Siksha ‘O’ Anusandhan University, Bhubaneswar; Fifth Webinar of the Distinguished Lecture Series by INAE Bhubaneswar Chapter on “Achieving Sustainability and Net Zero Mandate Through Adoption of Hydrogen Economy, CO₂ Refineries, & Biomass Conversion” and Webinar by INAE Mumbai Chapter on “Aiming for the Net Negative Goal to Achieve Sustainability: Role of Green Hydrogen in Energy Security, Decarbonization, Biomass Valorization & Waste Plastic Recycling”. Prof Yadav is also Member, National Academy of Engineering, USA. He richly deserves the recognition of CSIR Bhatnagar Fellowship as also many others that he has received, for his stellar contributions to the domain of Chemical Engineering and Engineering at large.
